WELCOME TO ADVENTURE

### DAY 3: DENALI NATIONAL PARK

After an included breakfast, we venture deep into Denali on the Tundra Wilderness Tour, the best way to see wildlife and hopefully Mt. McKinley too. Every turn on the Denali park road heralds some new astonishment. Watch for ptarmigan, Alaska's state bird, in the open valleys and golden eagles patrolling the higher elevations and ridge tops. With luck, you'll see grizzlies crossing braided streams, Dall sheep traversing rugged cliffs and moose foraging in upland meadows. Listen to ravens, magpies and gray jays chattering in the brush. And always present, there looms Mount McKinley, raising its massive alabaster bulk high above the surrounding plain. A snack is included on the tour. Afterwards the remainder of the day is at your leisure. **B**

### DAY 4: DENALI NATIONAL PARK - ANCHORAGE

After breakfast this morning we will board the luxurious domed rail cars of the McKinley Explorer bound for Anchorage, Alaska. Upon arrival, transfer to your downtown hotel and enjoy the rest of your day and evening at your leisure. **B**

MCKINLEY EXPLORER RAIL CAR

### DAY 5: ANCHORAGE - SEWARD

Enjoy a hearty breakfast, then sit back and enjoy the scenic rail journey along Turnagain Arm enroute to Seward where we will board the MS Noordam. The mountains are so close to the city limits you'd think they were trying to nudge Seward into Resurrection Bay. Located along the southern coast of the Kenai Peninsula, the city is a vital fishing port, a major stop for railway passengers heading north, and the gateway

to Kenai Fjords National Park and its steep-sided, glacier-carved valleys and flourishing wildlife. The park is also home to the Harding Ice Field, the largest entirely within U.S. borders. Watch for bald eagles, listen to the sounds of thousands of seabirds and share the waters with Stellar sea lions, harbor seals, Dall's porpoises, sea otters and whales. **B, D**

GLACIER BAY

### DAY 6: AT SEA - GULF OF ALASKA

Enjoy leisurely cruising in the Gulf of Alaska while enjoying the many activities on board the MS Noordam. As usual, all meals are included on board the ship today! **B, L, D**

### DAY 7: AT SEA - GLACIER BAY

Cruise the ice-studded fjords of this national treasure for a full eight hours as a Park Service Ranger narrates. Glacier Bay is a UNESCO World Heritage Site that protects a unique ecosystem of plants and animals living in concert with an ever-changing glacial landscape. If you didn't know any better, you'd think Glacier Bay ostentatious for the way it flaunts its ice. The glaciers practically terminate in your lap. When a monumental chunk of ice splits off a glacier and thunders into the sea, the impact shoots water hundreds of feet into the air. You hold your breath as you catch the moment on film. Then you wait for it all to happen again. And it does: Glacier Bay has more actively calving tidewater glaciers than anyplace else in the world. **B, L, D**

### DAY 8: HAINES & SKAGWAY

Haines nestles on the shore of America's longest fjord, with the horizons bounded by the snowy heights of the Coast Ranges. Like so many towns, Haines got a jump-start by supplying miners headed for the gold fields of the Klondike. Today, the town's chief exports are adventure and scenery. Raft the Chilkat, hike the Takshanuk Mountains, or fish Chilkoot Lake. Outside of town, you're likely to spot bald eagles, moose, bear, wolves, seals, and orcas. Inside of town, stop by the Sheldon Museum and Cultural Center, the Tsirku Canning Company Museum, or numerous local art galleries. **B, L, D**

### DAY 9: JUNEAU

No roads lead to Juneau, which gives the Alaskan capital a misty inscrutability. You need to come by air or water, but when you arrive, the place will delight you with its bounty of water, forests, and mountains. Squeezed between the Gastineau Channel and Coast Mountains, Juneau offers a lot of variety in close proximity. The massive Mendenhall Glacier and the immense Juneau Icefields are at its back door. The vast Tongass National Forest stretches away to the northeast. You can shop downtown or get out and kayak, dogsled, raft, hike, whale watch, flightsee or fish. The adventures are as bountiful as the daylight. **B, L, D**

JUNEAU

### DAY 10: KETCHIKAN

Ketchikan clutches the shores of the Tongass Narrows, with many shops and houses built right out over the water. The stairways are weathered and the vibe is cheerful in the town that calls itself the Salmon Capital of the World. Besides the main attractions - Creek Street, the Tongass Historical Museum, Totem Bight State Park and Saxman Village - try a flightseeing trip to Misty Fjords National Monument. These deepwater fjords were gouged out by retreating glaciers, leaving granite cliffs towering thousands of feet above the sea and countless waterfalls plunging into placid waters. **B, L, D**

KETCHIKAN

### DAY 11: CRUISING THE INSIDE PASSAGE

The fabled Inside Passage is one of the most scenic sea-lanes in the world, and one of the few where deep-draft vessels can sail close to steep mountain walls. The scenery is unbelievable, with forests in a hundred shades of green, tumbling turquoise glaciers, and evocative towns loaded with history, culture and adventure. With most of Southeast Alaska accessible only by boat or plane, the Inside Passage is a lifeline to the outside world. All day long it hums with activity. **B, L, D**

### DAY 12: VANCOUVER- INDIANAPOLIS

Enjoy breakfast as the MS Noordam pulls into Vancouver. We disembark the ship and transfer to the Vancouver Airport for our return flight to Indianapolis. **B**
